

## Directions to Colorado State University, Fort Collins, CO Guggenheim Hall and the Preconstruction Center Department of Construction Management

*Unless otherwise noted - the Recruiting Center doors do not open until 8:00am.*

Parking passes will be provided the day of your interviews.

**The Precon Building 3rd Floor Recruiting Center does not have room numbers.**

Each room will be identified with a Company Sign. We ask students to wait in the waiting area and for companies to call on students when ready.

**Traveling from Denver:** Head North on I-25 for approximately 60-miles and take Exit 269 (Mulberry St) West into Fort Collins. Proceed west on **Mulberry St** past **College Ave** (Hwy 287) two blocks to **Howes St**. Turn South (left) on **Howes St** and then East (left) on **Laurel St**. (*Guggenheim Hall is on the Southeast corner of Laurel and Howes*). You will pass Guggenheim and the Preconstruction Center Building (old IS Building) on your right, as well as the IS lab. Turn right at the railroad tracks onto Mason St. Immediately on your left is an 'A' parking lot, which you will be able to park in with your parking pass.

If there is no parking available here, you may park in any "A", "X", or "Z" lot on campus with your guest parking permit. **Be sure to scratch off the correct date and hang the permit from your rear view mirror.** Please do not park in metered parking or you will be ticketed. If you incorrectly scratch the dates, please let us know so we can get you a new permit - do not modify the pass as they may boot or tow your vehicle.

For additional Parking & Transportation information, visit: [pts.colostate.edu](http://pts.colostate.edu)

Thank you and we look forward to seeing you when you come to campus!
