

# STUDENT INTERNSHIP AT CENTRAL FEDERAL LANDS

Are you ready to start your career in a Federal Agency that consistently ranks high as a best place to work? Do you want to make a difference designing and overseeing construction of roads, bridges, and trails in National Parks, Forests, Wildlife Refuges, and Recreation Areas? Since the early 1900's our mission at the Office of Federal Lands Highway (FLH) of the Federal Highway Administration (FHWA) has been to build safe, reliable, equitable, and resilient access to our Nation's treasures! Our partners rely upon us to solve and manage unique program and project challenges that are wide-ranging in environment, geography, and complexity, through engineering solutions that are sensitive to the context of the land.

This is a student internship position at Central Federal Lands Highway Division (CFL), which covers 14 central and western states including Hawaii. The ideal candidate is pursuing a degree in Civil Engineering or a related field and has a desire to learn about the design and construction of highways, trails, and bridges. CFL offers 2 unique internship opportunities.

## Construction Internship

This position is within our Construction Branch on an active construction project in one of the 14 states CFL works in. You will be assisting the CFL project engineer and staff overseeing and inspecting the construction of roadway, trail, and bridge projects.

You may be able to continue your internship throughout the academic year. In the student intern position, you will gain practical skills and experience in civil engineering that will be the foundation of your career!

## Office Internship

This position is will be primarily located in the Lakewood, Colorado office. You will be assigned to one of the following teams: Bridge, Geotechnical, Highway Design, Hydraulics, Pavements/Materials, or Safety!
