

ENTRY-LEVEL CIVIL ENGINEER AT CENTRAL FEDERAL LANDS

Are you ready to start your career in a Federal Agency that consistently ranks high as a best place to work? Do you want to make a difference designing and overseeing construction of roads, bridges, and trails in National Parks, Forests, Wildlife Refuges, and Recreation Areas? Since the early 1900's our mission at the Office of Federal Lands Highway (FLH) of the Federal Highway Administration (FHWA) has been to build safe, reliable, equitable, and resilient access to our Nation's treasures! Our partners rely upon us to solve and manage unique program and project challenges that are wide-ranging in environment, geography, and complexity, through engineering solutions that are sensitive to the context of the land.

This is an entry-level full-time, permanent civil engineer position at Central Federal Lands Highway Division (CFL), which covers 14 central and western states including Hawaii. For the first 24-months (2 years) you will be in our Career Development Program (CDP), where you will have rotations in following teams:

- On an active construction project in one of our 14 states assisting the project engineer and field staff overseeing and inspecting construction on roadway, trail, and bridge projects.
- In the Lakewood, Colorado Office in our Highway Design branch designing roads and trails
- As well as two of the following teams in the office: Bridge, Environment, Geotechnical, Hydraulics, Pavements/Materials, Programming, or Safety.

During the 24-month program you will gain practical skills and experience in civil engineering that will be the foundation of your career!

After the 24-month program, you will be permanently assigned to the Construction Branch, Highway Design Branch, or in one of the other areas. The placement decision will be based on the needs of the Division at the time, and to the greatest extent possible your career interest!

We Work Where You Play!

For more information, visit <https://highways.dot.gov/federal-lands/careers>

Apply by emailing your resume and unofficial transcript to erin.jessee@dot.gov.

Anticipated Start Date May/June 2024 or earlier depending on graduation date!

The ideal candidate for this position is an entry to beginning level civil engineer who has desire to learn about the various aspects of highway engineering. The ideal candidate should have between 0 to 5 years of experience, be mobile and willing to travel to remote locations for extended periods of time and be able to work independently and in a team environment.
