

AN EQUAL OPPORTUNITY EMPLOYER

Project Engineer

ABC&C Contracting, Inc. is an industry leading heavy highway company specializing in structural concrete and repairs. As a family-owned company, ABC&C is eager to add our growing operation and has immediate openings for Project Field Engineers with experience in heavy highway/ heavy civil construction. Due to the nature of our work, project locations are throughout the states of Colorado, Arizona & Wyoming, with our central office located in Denver. As a Field Engineer, you will gain hands-on experience and work closely with the project team both in an office setting as well as the diverse project sites.

Responsibilities Include:

- Daily coordination with project managers, superintendents and foremen to ensure project goals, schedules and expectations are met.
- Assure project compliance with ABC&C safety policies and OSHA safety standards.
- Assist with schedule and coordinate with field personnel & project managers with daily schedules including materials, subcontractors, equipment, quality control, etc.
- Track and verify quantities from field staff and subcontractors.
- Maintain a complete and current record of submittals, RFIs, and all project correspondence.
- Assist project managers in compiling & processing monthly pay estimates.
- Proficiency in Microsoft Office Applications (Excel, Word, Outlook) as well as project management software Procore (ABC&C to assist in Procore Training).
- Field work and travel to project sites will be required.
- Other duties as assigned from Project Manager

Qualifications:

- Have or are working towards a BS in Civil or Structural Engineering, Construction Management or similar field.
- Previous experience in heavy highway / heavy civil construction is preferred.
- Excellent verbal and written communication skills.
- Proficiency in Microsoft Office Applications (Excel, Word, Outlook) as well as project management software Procore (ABC&C to assist in Procore Training).
- Valid driver's license.
- Team player who is comfortable and capable of interacting with project team as well as project owners and inspectors and
- Able to conform to and continue building ABC&C's small family business culture of safety, quality and camaraderie.
- Ability to work nontraditional or extended hours as needed.
