

About PSI

Over the past 18 years, Place Services, Inc. (PSI) has grown from a small carpentry business to a national construction company exceeding \$400M in annual revenue. As a General Contractor, PSI now focuses on Commercial, Retail, Grocery, Federal, and Design Build Construction across the United States. PSI also has 12 Trade Divisions which are subcontracted out for PSI projects and to other GCs. PSI offers its employees competitive base salaries, bonuses, benefits, 401k match programs, and paid time off (PTO).

Job Opportunity

Place Services Inc. is looking for a Project Engineer in Denver, CO to join our West Region. This is a direct career path to an APM and eventually a PM in the Commercial Construction space.

Responsibilities

- Assist with the processing of RFIs and submittals and assist in handling permits.
- Track meeting minutes and manage tracking logs.
- Coordinate field deliveries and support Project Managers and Assistant Project Managers.
- Potential travel to jobsites or pre-bid meetings (covered by PSI).

Qualifications

- 1-2 years of experience in the construction industry or comparable education.
- Solid communication skills to all levels of the organization along with subcontractors and material suppliers.
- Attention to detail and highly organized.
- Comfortability with technologies and software in the Construction Industry.

If you are interested in pursuing this opportunity, please apply [here](#). Our office is in Englewood, and we have several projects starting in the coming months. We are targeting \$25/hr + for parttime employees, and we are open to hiring someone fulltime.

As an EEO employer, Place Services, Inc. is committed to providing all applicants and employees with equal access to employment opportunities, regardless of sex, race, age, color, national origin, disability, pregnancy, religion, marital status, veteran status, or any other characteristic protected by federal, state, or local law.
