

Spring 2026 Construction Management Internship – Centerre Construction, Inc.

Location: Denver, CO

Duration: January 2026 – June 2026 (6 months)

Position Type: Paid Internship

About Centerre

Centerre Construction, Inc. is a Denver-based General Contractor specializing in design-build and renovation projects throughout Colorado. Our portfolio includes award-winning federal modernizations, assisted living facilities, amenity buildings, and historical renovations. We are committed to delivering high-quality projects while fostering innovation, collaboration, and professional growth for our team members. For more information, visit our website at www.centerre.com.

Opportunity for CSU Construction Management Majors

Centerre is proud to support Colorado State University's Construction Management program and is seeking motivated CSU students for our Spring 2026 Internship. This 6-month internship provides real-world experience in both project management and estimating, giving students practical exposure that complements classroom learning and prepares them for a full-time career in construction.

What You'll Do

- Estimating & Preconstruction: Perform quantity take-offs, assist with subcontractor outreach, analyze bids, and help prepare proposals.
- Project Management Support: Assist with reviewing drawings, submittals, and specifications; track schedules and budgets; and prepare project documentation.
- Field Experience: Participate in site visits, safety walk-throughs, and coordination meetings with subcontractors and suppliers.
- Professional Development: Gain exposure to design-build delivery, contract administration, and hands-on problem-solving in a team setting.

Qualifications

- Strong organizational and communication skills.
- Proficiency in Microsoft Office; familiarity with Bluebeam, On-Screen Takeoff, or scheduling software is a plus.
- Demonstrated interest in estimating, project management, and design-build delivery.
- Ability to work independently as well as in a collaborative team environment.

What We Offer

- Real-world estimating and project management experience on active projects in Colorado.
- Mentorship from seasoned construction professionals, including CSU alumni.
- Competitive internship compensation.
- Potential to transition into a full-time role with Centerre after graduation.
