

Nelson Insulation Company - Colorado is currently looking to hire a self-motivated, detail orientated assistant branch manager. We are a growing mechanical insulation and firestopping company with a presence in several states. This particular individual would assist with all job-related activities included but not limited to: driving to job sites to check on field workers and status of installation, keep track of margins, scheduling manpower for production, place orders for material/equipment, communicate directly with project manager on any issues found on site and any other tasks that need attention.

The paid internship will start as soon as possible and will continue through the end of the summer. Hourly wage will be \$12.00 an hour with an additional \$100 vehicle allowance weekly. Overtime pay is available if hours worked is greater than the expected 40 hours. Please note, jobsite locations will be within a two-hour radius of the Greater Denver Area. Driving to job sites is a strict requirement.

Please send all resumes to Steven Clark at SClark@nelsoninsulation.com and John Kreft at JKreft@nelson-co.com

We look forward to having you join our team!

Thank you,

Nelson Insulation Company – Colorado
