

Dutch's Masonry has been a key construction management partner in Colorado for over 40 years. Our experience and partnerships involving commercial brick, block, stucco, stone and EIFS have continued to evolve with the times and yield us great success.

Seven years ago we made a transition in the industry, going from small – commercial, to now large multi-million dollar projects in large commercial, education, retail, and multi-family. This type of growth has been such an accomplishment for our company, and as we look ahead to 2020 we are excited to now expand in other areas.

Our Vice President of Operations, Tyler Vander Vegt graduated from CSU in 2012, with a degree in Construction Management. Since starting with Dutch's Masonry in 2013, Tyler has played a key role in our growth and success, in every aspect of our business. From on the jobsite day to day issues, documentation, processes, management, to in office processes, procedures, contracts, financials etc. Tyler has directed Dutch's Masonry to be a successful competitor in this exploding Denver market!

Dutch's Masonry prides itself on the work ethic, accountability and procedural culture we have created. The growth we have experienced in the last 7 years is impressive and our team is 100% committed to ensuring we continue to progress effectively and efficiently. We hope through this process we find candidates that hold these same values and are devoted to growing within a company where the possibilities are endless.

Our business is a family of employees, vendors, and professionals that have adopted the following values. These values have found there way into our words and intentions:

DEPENDABILITY
Always Consistent and Reliable

PARTNERSHIP
Network of Core Competences and Commitment

STEWARDSHIP
It Embodies the Responsibility of Management

ACCOUNTABILITY
Always Subject to Obligation

INTEGRITY
It's How We Conduct Business

CRAFTSMANSHIP
Safety Quality, Cleanliness and Production

BE KIND
Always Curious to Understand
