

ASLAN CONSTRUCTION

At Aslan Construction we have a reputation for excellence and pride ourselves on providing quality results to our clients. As one of the most respected water and wastewater transmission and treatment construction companies in the Colorado-Wyoming area we are dedicated to the safety and career development of our employees. With several large projects in the works, we are seeking skilled, dedicated, and motivated laborers to join our team!

We are currently seeking general laborers, operators, concrete workers, pipe workers, and earthwork helpers.
