

ESTIMATOR – INDUSTRIAL ELECTRICAL JOLIET, IL

MKD Electric is an award winning full-service, national industrial electrical contractor working across the continental U.S. Since MKD's founding, we have served our clients by being committed to safety, quality, and service, while putting added emphasis on development of our team members and focusing on being the best place to work in our industry.

With more than 450 employees nationwide, our organization is focused on adding sustainable growth across a variety of industrial and electrical industries and continuing to expand our capabilities. Today, we currently specialize in: MEP Engineering, Electrical Testing, Industrial Controls Systems, Electrical Construction, Instrumentation, Emergency Service, Electrical and Instrumentation Maintenance. In that growth, we are also fiercely dedicated to providing our employees a career path that offers personal growth, on-the-job skills development and continuing education and training.

As we continue to grow, we welcome innovative, hard-working, quality people who want to make a difference and be part of the MKD family.
