

Concrete Construction Intern | Job Description

As one of the nation's top concrete contractors, Lithko Contracting is where future leaders build their careers in construction. Lithko's Internship Program empowers students to learn about commercial concrete construction through hands-on work in the field. Interns can expect to set goals, develop plans for execution, and receive consistent feedback from dedicated managers and mentors. The program is tailored to individual career goals - interns will be introduced to various phases of work and maximize skills that will apply in and out of the classroom.

Intern positions are typically available in:

Atlanta, GA; Allentown, PA; Austin, TX; Charleston, SC; Charlotte, NC; Cincinnati, OH; Columbus, OH; Dallas, TX; Denver, CO; Fayetteville, AR; Greenville, SC; Indianapolis, IN; Kansas City, KS; Lexington, KY; Louisville, KY; Nashville, TN; Oklahoma City, OK; Orlando, FL; Raleigh, NC; Salt Lake City, UT; Tulsa, OK; and Upper Marlboro, MD

Key Responsibilities:

- Engage in the Integration Program by developing plans to execute work objectives, tracking progress, and replanning based on feedback and performance.
- Utilize resources including managers and mentors to understand the project scope, schedule, safety, and quality.
- Own daily safety, quality, and execution of work objectives based on the project's phase of work.
- Contribute to the Daily Preparation Process and Project Execution Process.
- Learn through hands-on performance (labor) with our field teams; specific objectives may include estimating, field engineering (line & grade), forming walls and columns, inspections, loadout, place finish, prep & forming structural slabs, production tracking, quantity take-offs, slab on grade prep, slab on metal deck prep, and more!

Minimum Qualifications:

- Must be legally authorized to work in the US for any employer without sponsorship.
- Working towards a degree in a Construction Management, Civil Engineering, or related field.
- Understand hours of operation will fluctuate based upon project hours and activities.
- Have a reliable method of getting to job sites daily and on time.

- Perform labor on a construction site including on rough terrain and in inclement weather.
- Lift a minimum of 50 lbs., perform labor at elevation, work at heights multiple stories above ground level.
- Offer will be contingent upon a successful drug test.

Preferred Qualifications:

- Self-motivated and action oriented, works well autonomously and collaboratively in a team environment.
- Organizational skills with ability to self-manage time and prioritize tasks.
- Eager to develop, seeks out opportunities to learn and improve.
