

BUILT
FOR THE FUTURE

Estimating Co-Op/Intern

Start date: January 2023

DN Tanks designs and constructs prestressed concrete liquid storage tanks. Our mission is to provide our clients around the world with the highest quality liquid storage tanks at the best long-term value with unsurpassed customer service and satisfaction. The hallmarks of our work are long-term performance, durability, reliability, minimal maintenance requirements, and lowest cost of ownership. With over 90 years of experience, DN Tanks is Generations Strong.

Summary/Objective

Estimating Co-Op/Intern assists Regional Estimators with the evaluation of project site conditions and the generation of tank site layout drawings using AutoCAD.

Primary Responsibilities:

- Prepare earthwork takeoffs using Civil 3D and sitework cost estimates using Excel.
- Solicit bid level pricing for cranes, rebar installation, fence work, and various other subcontractor scopes of work.
- Prepare Requests for Quotation after local subcontractors have been identified.
- Interface directly with Sales, Engineering, Construction, and Procurement Departments on a regular basis to assist with developing and bidding construction projects.
- Co-ops in the Estimating Department are also typically offered opportunities to visit local active construction sites where they can correlate the work they do in the office with the construction of our tanks in the field.

Competencies:

- Communication, General
- Teamwork
- Result Orientation
- Adaptability and Flexibility

Required Qualifications:

- Currently enrolled in an Engineering or Construction Management undergraduate program. A concentration in Civil Engineering is preferred.
- Experience working with CAD software (preferably AutoCAD) and Microsoft Office (Word, Outlook, and Excel).
- Good communication and time management skills.
- Ability to multi-task and prioritize work assignments.

- The ability to problem solve in individual and team settings.
